Equipment: each participant should have a notebook with installed a Stata version not earlier than #12.

Future info regarding the AHEHP Summer School: please check the website <https://www.unibg.it/applied-health-econometrics>

Documents on Google Drive (link will be provided at the beginning of the Summer School)

Attendance: Students' attendance to all lectures and Stata Labs is compulsory in order to get the 6 ECTS.

Workload: Students have to complete 4 Stata Lab handouts in order to get 6 ECTS. Handouts are individual. They have to be handed in by email (in pdf, with last name and first name initial in uppercase.pdf, e.g., Gianmaria Martini file name = Martini_G.pdf; each handout has to be numbered. Hence file name is Martini_G_1.pdf, Martini_G_2.pdf, etc.) following the deadlines indicated in the timetable. In the email the object has to be set as "AHEHP – Handout" followed by the handout number. (e.g. for the first handout the object has to be set as "AHEHP – Handout 1")

Lunches: access to the *Gattopardo* restaurant and the University canteen will be granted only by presenting the AHEHP 2017 Summer School badge. The badge will be delivered during registration.
