December 6th, 2019

1.00 pm – 5.00 pm

Classroom 1, S. Agostino

The seminar aims to highlight the possible interventions of a psychologist working in non-profit organizations. In particular, the purpose is to present the tools and methodologies needed to the professional worker to effectively operate in very complex and disparate contexts. Experiences will be presented so that participants can reflect on what questions and what interventions the psychologist can put in place.

Attendance will be certificated as part of the traineeship activities.
