### SELEZIONI E GESTIONE GIURIDICA

- A Phd in civil engineering and architecture (CUN 08 area) or industrial and information engineering (CUN 09 area), acquired in Italy or abroad.

Pursuant to art. 29 paragraph 13 of Law 240/2010, valid qualifications for participation in the selection procedure also includes the holding of:

- A master's degree, or specialist degree, together with a scientific professional curriculum suitable for the performance of scientific research activities. The adequacy of the curriculum will be evaluated by the Selection Committee.

For qualifications obtained abroad is requested a statement of equivalence under the relevant legislation in force.

Not permitted to participate in the selective procedure are:

- First or second band university professors and researchers already employed for an indefinite period, even if they no longer hold office;
- Candidates who have a degree of kinship or affinity, to the IV degree, with a professor relating to the structure offering the proposal of activation of the contract, or with the Rector, the Director General or with a member of the Board of Directors;
- those who are excluded from their enjoyment of civil and political rights;
- those who have been dismissed or exempted from a Public Administration role for persistent poor performance, or have been dismissed from other public roles, pursuant to art. 127 subparagraph d) of Italian Presidential Decree no. 3 of 10.1.1957.

The above requirements must be held on the date of the deadline for submission of applications for admission to this selection.

#### **Article 3**

##### **Exclusion from comparative assessment**

The following reasons provide cause for exclusion:

- irremediable irregularities in the documentation sent (absence of signature on the application for participation and/or substitute declarations attached);
- failure to meet the requirements for participation provided by art. 2;
- non-compliance with the deadline for submission of the application for participation and publications;
- the sending of a higher number of publications with respect to the number referred to in art. 1.

The candidates may be admitted with reservation in the case where additional verifications are required.

The Administration may at any time order the exclusion of the candidate in the case of non-compliance with one of the requirements under this notice; this exclusion will be issued with justified order of the Rector and shall be communicated to the party concerned by registered letter with return receipt.

#### **Article 4**

##### **Method of submission of an application for participation and publications**

To participate in the procedure of selection, the candidate must submit an application on plain paper according to the diagram attached to this notice, within the peremptory time limit of 30 days, commencing on the day following the publication of this notice in the Official Journal. Where this period falls on a public holiday, the deadline is postponed to the next working day.

The acts and documents drawn up in a foreign language must be accompanied by a translation into Italian, certified as conforming to the foreign text, authenticated by the competent Italian diplomatic or consular representation.

The candidate may produce publications in original, certified copy or may make a statement in lieu of identification documents aware of the fact that the copies of the publications are in accordance with the original pursuant to art. 47 of Italian Presidential Decree 445/2000 (annex C).

For jobs printed abroad the date and place of publication must be evident. For jobs printed in Italy by 1<sup>st</sup> September 2006 the obligations provided for in art. 1 of Regent's Decree no.660 dated 31<sup>st</sup> August 31, 1945 must be fulfilled: *"Every printer must provide, for any of its print-outs or publications, four copies to the Prefecture of the Province in which the graphics workshop is based and a copy to the local Prosecutor of the Republic"*. From 2<sup>nd</sup> September 2006 the obligations laid down by the Law 106/2006 and Italian Presidential Decree 252/2006 must be fulfilled.

The publications must be produced in the language of origin and translated into one of the following languages: Italian, Latin, English, French, German and Spanish. Translated texts may be submitted typewritten along with the text printed in the original language.

For the procedures of comparative assessment regarding linguistics, the presentation of publications compiled in the language or in one of the languages for which the contest is offered is permitted, even if they are different from those indicated in the preceding paragraph.

The candidate that will participate in several procedures of comparative assessment must, during the contest, submit the same number of publications pack, with attached list, as the number of procedures of comparative assessment being participated in.

### **Article 6 Assessment committee**

For each selection procedure, with Rector's Decree, upon the proposal of the department that has requested the contract, a committee is appointed for the assessment consisting of three members, chosen from among the first and second band professors, of which at least two members from another Italian or foreign university belonging to the same contest sector or to scientific-disciplinary sectors covered by the selection. In case of justified need the commissioners may belong to related scientific-disciplinary sectors according to the legislation in force.

Composition of the Commission is made available to the public through publication of the decree of appointment on the website of the University. From the date of publication shall begin the term of 10 days for possible objection regarding the Commissioners by the candidates.

The Committee identifies internally a President and a minute-taking secretary.

The Committee carries out its work in a collegial manner, assuming its deliberations by an absolute majority and may also make use of telematic tools.

### **Article 7 Method of performance of the selective procedure**

The selection procedure is performed in accordance with the following modes:

- a) Preliminary assessment of the candidates, with justified analytical assessment of qualifications, of the curriculum and of the scientific publications, including doctoral thesis, according to the criteria

# UNIVERSITÀ DEGLI STUDI DI BERGAMO

## SERVIZI AMMINISTRATIVI GENERALI

### SELEZIONI E GESTIONE GIURIDICA

and parameters which are also recognised in the international arena, identified with Ministerial Decree no. 243 of 25.05.2011 and endorsed by the Selection Committee referred to in art. 6.

The Commission, upon its establishment, defines in detail the criteria to be used for the preliminary assessment and for the scoring of qualifications and of each of the publications submitted by candidates admitted to the public debate, always taking into account the parameters identified by Ministerial Decree no. 243 of 25.05.2011.

- b) As a result of the preliminary assessment, the candidates that are comparatively most deserving are admitted to public discussion regarding qualifications and scientific publications, to the percentage extent indicated in the notice, ranging between 10 and 20 per cent of the same candidates, and not less than six units. Should the number of candidates be equal to or less than six, all will be permitted to attend the debate during which, where provided by the notice, sufficient knowledge of a foreign language will also be ascertained.
- c) After the discussion, a score is awarded for qualifications and to each of the publications submitted by the candidates permitted; the winner is determined on the basis of the scoring awarded.

Calling of the public discussion regarding the qualifications and the scientific publications will take place by telegram or registered letter with return receipt with notice of at least 20 days.

To support the afore-mentioned discussion candidates must be equipped with a suitable valid identification document.

The Commission must complete the work within three months by decree of appointment of the Rector. The Rector may extend only once by a month the deadline for completion of the procedure for justified reasons reported by the President of the Committee. At the end of the period for completion of the work without the documents having been provided, the Rector will dissolve the Committee and appoint a new one in replacement for the previous one.

For each sitting of the Committee a relevant report must be drawn up, initialled and signed by all of the members with its annexes.

In the case where the Rector finds irregularities in the conduct of the selection, it shall return with reasoned decision the documents to the Committee, assigning them a deadline for any changes.

The documents of the Committee, composed of the minutes of the meetings, are approved by Rector's Decree, and then transmitted to the department involved for the purposes of the relevant call proposal.

#### **Article 8**

##### **Call**

With every single procedure completed, the relevant department Committee, within 60 days from the approval of the documents, proposes to the Board of Directors calling of the selected candidate.

The proposal of the Department is adopted by an absolute majority of the I and II band professors.

The call is approved by the Board of Directors authorising conclusion of the contract of employment that will commence, as a rule, from the first day of the first relevant month.

#### **Article 9**

##### **Object and duration of the contract**

The winner shall conclude a contract of employment for a fixed period that is regulated by relevant legislation, also with regard to tax, care and social security matters.

## SERVIZI AMMINISTRATIVI GENERALI SELEZIONI E GESTIONE GIURIDICA

The University also provides the insurance expressly provided for by law.

Remuneration is equal to the initial amount payable to the researcher confirmed depending on the regime of the commitment (for the full-time annual gross salary Euro 34,898.06 including the thirteenth month payment).

The contract lasts three years that is renewable for only two years and only once after a successful assessment of the teaching and research activities carried out, performed on the basis of the methods, criteria and parameters defined with Ministerial Decree no. 242 of 24.05.2011.

The researcher will be recognised the care and social security provided by the applicable laws and regulations for the fixed term employment relationships; they are recognised the measures provided by Legislative Decree 151/2001 regarding the protection and support of maternity and paternity rights under law 104/1992 for assistance, social integration and the rights of persons with disabilities pursuant to articles 3, 40 and 68 of Italian Presidential Decree no. 3/57 and subsequent amendments in the field of special leave and leave for illness. Remuneration for illness cannot exceed 12 months.

A trial period is provided for the duration of 6 months; the positive or negative assessment with regard to successful application is the responsibility of the deliberating committee of the department concerned; the trial period cannot be renewed or extended upon its expiry.

In the course of the trial period either party may with good reason withdraw from the relationship at any time and without notice.

In the event of early termination of the relationship, the researcher is required to give 30 day notice. The period of notice shall begin on the first day or on the 16th day of each month. In the event of failure to give notice the Administration has the right to retain from the employee an amount corresponding to the remuneration for the period of notice not provided.

### **Article 10 Work relationship**

For the purposes of the reporting of the research projects, the figurative quantification of the yearly activities of research, study and teaching, with the associated preparatory tasks, verification and organisational duties, is 1,500 hours for full-time researchers and 750 hours for fixed term researchers. The total annual commitment for performance of the activities of educational, additional teaching and service to students is 350 hours for the full-time regime.

The fixed term researcher:

- conducts scientific research in the field of the contest sector that identifies its profile;
- performs teaching activity, in compliance with the regulations in force and the regulations of the University, according to the determinations of the competent bodies;
- participates in the assessment committees of students' achievements and final test for achievement of the title of study issued by the University, also following production of thesis;
- performs tasks of tutoring and guidance with students for the purposes of preparation of study plans, establishing a timetable of appointments;
- may assume positions of responsibility on research projects in compliance with the regulations in force;
- participates in the activities of the Department and the meetings of the teaching Committees according to the procedures governed by the specific regulations.

The self-certification of the teaching activity, additional teaching and service to students takes place through compilation of the register of lessons (for face-to-face teaching activities) and possible further registers (for all other activities related to teaching).

## SERVIZI AMMINISTRATIVI GENERALI SELEZIONI E GESTIONE GIURIDICA

The disciplinary competence is regulated by art. 10 of Law 240/2010 and art. 32 of the Statute.

### Article 11

#### System of incompatibility and performance of additional tasks

The fixed term contracts of researchers are incompatible with:

- any other employment relationship with public or private subjects;
- ownership of research grants also with other universities;
- ownership of didactic contracts governed by the rules in force;
- doctoral or post-doctorate scholarships;
- any scholarship or grant, in general, for any qualification conferred.

Researchers are permitted to perform tasks unrelated to the employment relationship, at the request for authorisation transmitted to the Rector, as provided for in the University's rules and regulations for the granting of authorisations for the assigning of roles paid to full-time professors and researchers.

The fixed term contracts of researchers do not offer entitlement to access university roles.

Throughout the duration of the contracts referred to in this notice the employees of public administrations are located, without benefits or social security contributions, on leave or in a position outside of the role in the cases where the position is provided by the rules of membership.

### Article 12

#### Assessment and extension of the contract

The assessment of teaching and research activities carried out by the holders of contracts takes place according to the criteria and parameters established by art. 2 of Ministerial Decree no. 242 of 24.05.2011 and is a necessary prerequisite for possible extension of the contract.

In the context of resources available for programming, the Department that has formulated a proposal to call the owner of this contract may, with the consent of the person concerned, propose, within six months prior to expiry of the contract, extension of the same once and only for two years, stating with reference to requirements of teaching and research.

The proposed extension is subject to the approval of the Board of Directors following the opinion of the Academic Senate.

### Article 13

#### Procedure manager

The person responsible for the process of selection referred to in this notice is William Del Re, Dirigente Responsabile dei Servizi Amministrativi Generali (Director of the General Administrative Services) at Via dei Caniana, 2 - 24127 Bergamo, tel. 035 2052 876, fax 035/2052862, e-mail address: [selezionipersonale@unibg.it](mailto:selezionipersonale@unibg.it).

### Article 14

#### Final provisions

For anything not provided in this notice shall apply the law 240/2010 and subsequent amendments and additions and the University's rules and regulations for the recruitment of fixed term university researchers, the current regulations of the university, as well as those relating to access to employment in the public administration.
