Under Presidential Decree of the 31st of August 1999, no. 394, the income and property of foreign students, or Italian students resident abroad, must be certified with the appropriate documentation issued by the competent authorities of the country from which the income derives and must be **translated into Italian by the competent Italian diplomatic authorities for**

the territory. The non-European income and the non-European patrimony are assessed with the average exchange rate of 2016. Albanese students must declare income both from employment/retirement and self-employment (Ministry of Finance) even if this is negative. It is sufficient for these students to obtain the Apostilla stamp on the translation from the Albanese authorities. In the cases of those countries where there are particular difficulties in delivering the certification attested by the local Italian Embassy, the same shall be issued by the competent diplomatic or consular representations abroad in Italy and legalized by the Prefecture, pursuant to art. 33, of Presidential Decree of the 28th of December 2000, no. 445.

For foreign students coming from "developing countries", according to the Ministry of Education, University and Research (MIUR) Decree no. 1455 of the 9th of June 2017, herein indicated: Afganistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambogia, Central African Republic, Chad, Comoros, Congo Democratic Republic, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea Bissau, Haiti, Kenya, Kiribati, Korea Democratic Republic, Lao People's Democratic Republic, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Myanmar, Nepal, Niger, Rwanda, Sao Tome & Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Sudan, Tajikistan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, Zambia, Zimbabwe; economic assessment is performed on the basis of a certification from the Italian Representative in the country of origin that testifies that the student does not come from a family known to have a high income and high social standing. This certification can also be issued by the foreign university linked by agreements or contracts with the University or by Italian authorities qualified to provide guarantee of economic cover as referred to in current dispositions on enrolment of foreign students in Italian universities. In this last case the certifying body should agree to return the grant on the student's behalf, should they decide to terminate it. The student is nevertheless obliged to declare any income and property held in Italy by his family under legislative decree of the 31st of March 1999, no. 109, and amended by legislative decree of the 3rd of May 2000, no. 130.

All students with income from abroad, for the assessment of family income and property and the issue of the **ISEEU *parificato*** certificate must present to the **CAF UILSER S.r.l. di via San Bernardino 72/E – Bergamo** the following documentation translated by the Italian consular authorities in the country of origin as previously stated, by the deadline of this competition notice:

- Residential building belonging to the family with an indication of square metres (the valuation is 500,00 € for mq);
- Personal estate (expressed in stocks, dividends, shares, fractions of net property from any companies owned, etc).

Students also need ISEE certification for eventual income and property possessed and produced in Italy.

IMPORTANT

Foreign students with residency abroad who enrol on English Language Courses, must contact the Student Aid Service – exclusively at dirittoallostudio@unibg.it – to obtain instructions on the issue of **ISEEU *parificato* certification.**

NB: the financial status will be estimated according to the current rules concerning ISEE declaration, with particular reference to the approval of the regulation implementing DPCM 159/2013

4. RANKING PROCEDURE

The rankings are formulated according to the following criteria:

a) Students enrolled in the first year of all courses

The ranking is formulated based on the correct ISEE amended according to the ISEE family unit held against a limit of **€ 23.000,00** for a maximum of 1.000 allocated points with the following formula:

$$\left\{ 1 - \frac{\text{Student's ISEE}}{23.000,00} \right\} \times 1.000$$

The order in the ranking is determined, in descending order, according to the assigned score. Where scores are equal the student enrolled in the most advanced level of degree course takes precedence, in the case of further equality the mark relative to the degree takes precedence, and finally the lower age takes precedence.

b) Students enrolled in years later than the first on all courses of study

The order in the ranking is determined, in descending order, by the overall score gained from the total of the score relative to the number of CFU achieved before the 10th August 2017 and of the score determined by the average mark of their exams. The maximum number of points attributable is 1.000, distributed as follows: 600 based on the number of CFU acquired and 400 based on the average mark of passed exams.

In the case of merit scores being equal, the student who has not used the *bonus* takes precedence in the ranking and then the student with the highest income score. In the case of further equality the student enrolled on the highest year of their course takes precedence, and then the youngest student.

N.B. If a student pre-enrolled on the master's degree does not graduate from the bachelor degree, but enrolls in the first year outside the prescribed time (*FUORI CORSO*), they will be considered as enrolled in that year.

Calculation method for academic score

a) The score relative to the CFU achieved before the **10th of August 2017** is calculated according to the following formula, which takes into account the average prediction of 60 CFU for each year of the course (30 CFU for those enrolled part-time):

Full time (example refers to 2nd year):

$(\text{Student's CFU} - \text{minimum CFU}) \quad \times \quad \frac{600}{(60 - \text{Minimum CFU})}$
--

Part time (example refers to the second enrolment to the first year):

$\{ (\text{Student's CFU} - \text{minimum CFU}) \quad \times \quad \frac{300}{(30 - \text{Minimum CFU})} \} \times 2$

b) The score relative to the average mark of the passed exams is calculated according to the following formula:

$(\text{Student's average mark} - 18) \quad \times \quad \frac{400}{(30 - 18)}$
