The course covers 6 chapters of the textbook *Sentieri*

**The following factors will be considered in determining the final grade for the course:**

**Attendance:** regular attendance and attentiveness are critical to the success of the language learning process. Undocumented absences will result in a reduction of the final grade and in failure of the course should the number reach 3. Chronic lateness will be reflected in the final grade as well.

**Assignments:**

**Preparation:** following the syllabus, grammar and vocabulary are to be studied and exercises prepared *prior* to class meetings.

**WEBSAM:** with your textbook you are also buying an access code to the on-line workbook (WEB Student Activity Manual). You are expected to complete the assigned exercises in the workbook **by the due date** stated in the calendar.

Exercises are auto-graded, so you will be able to see your score immediately.

**Compositions:** there are **five** “bluebook” compositions based on themes discussed in class or in the textbook. The instructor will correct them and give a grade out of five, just pointing out the mistakes without giving the right answer. Next, you will re-write the composition correcting mistakes. Finally, the instructor will give another grade out of five to the final draft. The overall grade will be out of ten.

**Exams:** there will be **four** in-class tests as well as a final exam

**Final grade:**

25% class attentiveness, preparation and participation

25% lab and workbook exercises

15% compositions

20% written tests
