Students of any nationality (Italian excepted) qualify as international if the titles required for admission to the chosen MA programs were obtained outside the Italian education system. Titles obtained in the Republic of San Marino do not satisfy this condition.

By 'enrolling' the call for applications means the first enrolment to the second year in the relevant MA course. Enrolling in years following the first year, transferring from one degree program to another or from one University to another, is not considered first enrolment (see [Guida studenti](#)).

Each study grant is awarded for one academic year only and amounts to a total of € 8,000, including all charges for the beneficiary's and Administration's accounts.

ART. 2 - Incompatibility

These study grants cannot supplement study grants/prizes issued by the University of Bergamo, the Regional Board for the Right to Higher Studies (Students' Aid Service), the Italian Ministry of Foreign Affairs and International Cooperation (MAECI), and CRUI grants for beneficiaries of international protection (considering the budget for meals), or issued within the Erasmus Mundus programme.

These study grants are compatible with other forms of study support funded by the Students' Aid Service (such as fee exemption, housing services, canteen etc.).

NOTA BENE:

To apply for further benefits, students enrolled at UNIBG, must obtain an ISEEU certification from an Authorized Fiscal Assistance Centre (called CAF in Italy). An ISEEU (**Indicator of the economic situation for University purposes**) estimates the economic situation of families. It takes into account income, properties (i.e. houses, shares, assets, dividends) and the composition of the family.

ART. 3 - Admission requirements

Application is open exclusively to candidates who are in possession of all of the following requirements:
1) the titles for admission to the chosen MA programme were obtained outside the Italian education system, after at least three years of attendance.

Titles issued by institutions of the Republic of San Marino do not satisfy this condition.

2) candidates aren't Italian and are either EU or NON-EU citizens;

3) candidates meet all the requirements for admission to the MA programme of choice at the time of the admission;

4) they are enrolled at the second year of one of the above mentioned Master degree Courses for the Academic Year 2019/2020, with first enrollment at the Academic Year 2018-2019. Withdrawals from studies must have been completed before the publication of this call;

The results are assessed by a board which will be appointed after the call closes.

The achievement of a minimum score is not required.

For all candidates, payment of the study grant depends on the actual admission to and enrollment in the 2nd year of the chosen MA degree programme (therefore candidates must pay a "Contributo Onnicomprensivo" of € 156,00 before the first instalment of the grant is paid to them); candidates must equally meet the requirements listed in art. 8.
