- academic performance;
- motivation (including CV & additional information);
- language skills;
- previous mobility experience.

8.2 In the framework of Erasmus+ regulations the first criterion for selecting students must be academic merit, but with equivalent academic level, preference should be assigned to students from less advantaged socio-economic backgrounds.

Complaints from applicants who have failed to satisfy all the eligibility criteria (e.g. who have not produced the required documentation, or have applied for a scholarship but do not meet the requirements, etc.), or have failed to satisfy them within the established timeframes, will not be taken into consideration.

The appeal procedure can only come into play if a candidate feels that the Selection Committees have not handled his/her own application in line with the principles and procedures described in the call. In other words, the appeal cannot concern the decision itself, but only an alleged error made in the process.
