

UNIVERSITÉ LUMIÈRE LYON 2

1ST STAFF WEEK

Join us for a one-week training on
Intercomprehension Strategies between
Romance Languages.

**MONDAY, 3 MARCH
TO
FRIDAY, 7 MARCH
2025**

This Staff Week will also be an opportunity for networking and sharing experiences with colleagues, while exploring the city of Lyon and immersing yourself in French culture.

ABOUT INTERCOMPREHENSION:

Intercomprehension is the practice of speaking or writing in one's mother tongue with a speaker of another language. The latter, without responding in the other's language, understands and responds in his or her own language. This is not only a communicative and didactic approach, but also an ethical one, since it puts all the languages in the same family on an equal footing, while creating a genuine spirit of openness and linguistic parity and expression. From a European perspective, the possibility of understanding a large number of speakers without the need for translation and the opportunity to interact in one's own mother tongue encourages community spirit and interculturality.

TARGET GROUP:

Administrative staff and teachers
interested in learning innovative
communication strategies.
Please feel free to share this e-mail
with colleagues who might be

Participants need to speak at least
one romance language:
Italian, French, Spanish, Portuguese,
